All of the above fees include GST.  
Supplements, if necessary, are billed extra.

Note that fees are not covered by Alberta Health Care Plans.  
We do not direct bill. We will provide an invoice with Dr. Irwin's Alberta Registration No. and any other documentation required by your insurance provider. Many third party insurance programs that are employer supplied cover naturopathic consultations and lab services, a handful will also cover supplements. Contact your insurer directly to determine if you can claim your naturopathic medical expenses. Those individuals who have no third party plan have often been successful claiming these expenses against their taxes.

awakening body, mind & spirit
